Pecan Affidavit Form

PLEASE REMIT TO:

If you are a Georgia grower of pecans with 30 acres or more, then you are required by law to submit an assessment of 1 cent ($0.01) per pound on “in shell” pecans to the ACC for Pecans*. The first handler will remit this on your behalf. If you have already remitted the assessment on your own or plan to by the 20th of the month, please complete the Affidavit below. This will ensure that the first handler’s records and the ACC for Pecans records will be cross-referenced and kept accurate.

This form is only to be used if you are remitting your own assessment on pecans that were sold to a first handler in which you requested no assessment be taken out. It is the grower’s responsibility to fill out this Affidavit and submit to the first handler at the time of the sale. If this form is not submitted to the first handler at the time of sale the first handler will automatically deduct the assessment and remit it for you.

Failure to remit this form will result in the possibility of your account being audited.
